0 Hello!

Introduction :)

Notation

Keep a running track of notation used.

Part I

Sample Part

1 Sample Section

The contents of this section are in the corresponding file (`sample-section.tex`) in the `sections` folder. I'm using the `subfile` package to organize the document.

All images go into the `images` folder. Here's a sample:

1.1 Sample Math Environments

You can edit the appearance of these in `main.tex`. The package used is `tcolorbox` whose documentation can be found easily online.

Note: The syntax for calling these environments is slightly different from the usual `amsthm` package, so please take a look at `sample-section.tex` before using it.

Definition 1.1.1 (Barney & Friends)

Barney & Friends is an American children's television series aimed at children from ages 1 to 8, created by Sheryl Leach and produced by HIT Entertainment. It premiered on PBS on April 6, 1992. The series features the title character Barney, a purple anthropomorphic Tyrannosaurus rex who conveys educational messages through songs and small dance routines with a friendly, optimistic attitude.

The above definition was taken from. Wikipedia.

Proposition 1.1.2 (Barney is Purple)*Barney is a purple dinosaur.***|** *Proof.* Left as an exercise to the reader.

□

Lemma 1.1.3*Dinosaurs are extinct.***Corollary 1.1.4***Sample corollary, I've run out of Barney jokes.***Example 1.1.5**

1. Example 1.
2. Example 2.

Theorem 1.1.6*Hope this template is of help to you!*
